

Reset process of your Bluetens

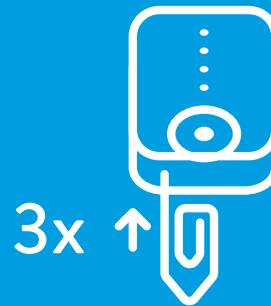

You have to reset the Bluetens, here is the process to follow :

1

Bluetens has to be turned on.

2

Please use a paper clip and insert it in the hole. When you feel the reset button, press it until it clicks. Repeat 3 times.

3

Bluetens has been reset you can now turn it off.

Bluetens

We remain at your disposal
